		Open/Closed intermittently

# GULF OF MEXICO

NOTES:

- 1) Updates to table are shown in **Bold**.
- 2) Radio channel #14 should be used to contact lock operators, except Berwick Lock, which uses channel #12.
- 3) For the latest lock status including gage data, check the following Lock Update website:  
<http://www.mvn.usace.army.mil/OD/LockUpdates/statusindex.asp>

STRUCTURE	NAVIGATION BULLETIN #	WORK ITEM	EFFECTIVE DATE	COMMENTS
Charenton Floodgate		N/A	Closed until further notice.	This structure was closed in 2005.
Bayou Boeuf Lock	18-39	High Water Closure	24 Feb 2018	Bayou Boeuf Lock is closed for navigation passage and will remain closed as long as the head differential remains above 1.5 feet due to high river conditions. Bayou Chene is currently available to use as an alternate route. There is currently no predicted date for resumption of open-pass operation.
Old River Lock	17-70	Remove/Repair Tainter Valve	October 2017	From October until further notice, <b>at this time, the end of May 2018</b> , there will be intermittent delays to navigation, up to 12 hours, at Old River Lock. The closures will only occur during daylight hours.
